# FIRST BUSINESS BILL PAY

First Business Bill Pay is a fast, convenient, and secure way to pay your bills from anywhere using your computer, iPad, or mobile device. You are in control of payment scheduling, payment reminders, and automatic payments. As a module of Online Banking, with Bill Pay you can easily track, manage, and organize your bills without having to remember another username and password.

## BENEFITS

- Pay any person or business with checks sent to individuals and small businesses and electronic payments sent to large national companies
- Set up automatic payments
- Schedule email alert payment reminders
- Download reports in CSV and QuickBooks format
- Online Banking admin sets user entitlements
- Includes Bill Pay transaction fraud monitoring
- View cleared Bill Pay check images
- Option to quickly make payments to existing payees using the First Business mobile app

## WANT TO LEARN MORE?

First Business Bill Pay is a robust solution to organize, pay, and track your bills. To learn more about how it would work at your organization, initiate a discussion with your First Business Representative.
